Re: The Salvation Army Appeal Registrations

NGR has registered three new registrations for anyone who wishes to donate grain to the Salvation Army appeals.

The details are as follows:

**NGR Card number 12874987      The Salvation Army – Victorian Bushfire Appeal**  
**NGR Card number 12874960      The Salvation Army – North Queensland Flood Appeal**

The Salvation Army has launched an appeal to assist the victims of the bushfires which have been raging across Victoria and the devastating floods in North Queensland. Donations will help fund the Salvos' emergency response to these disasters with hundreds of families impacted severely by the loss of lives and homes, the need for immediate support, counselling and practical assistance is enormous. The Salvation Army provides material and financial assistance in times of emergency and will be doing so again in this instance.

**NGR Card number 12875007      The Salvation Army – DVD Project - Depression**

Braver, Stronger, Wiser is a new DVD produced by The Salvation Army that has been designed especially to help people in rural communities recognise and deal with depression.

Growers need to quote any of these numbers if they wish to donate part or a full load of their grain to any of the above appeals.

Growers will have to nominate the acquirer as per usual.

As this number will be used by any grower nationally, no physical card has been issued.
